

# Luminat<sup>e</sup> careers **Careers in ICT**

There are lots of different careers and pathways that use Information, Communications and Technology within their role. This is an area that is always developing and growing with more and more advances with technology.

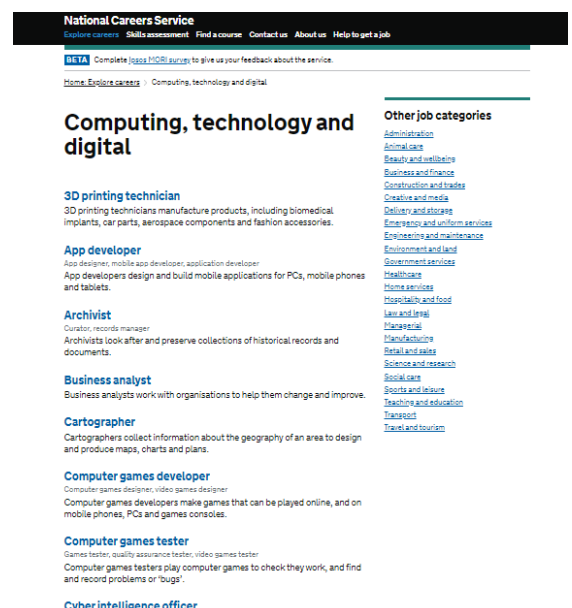

To find out more about some of the different roles within ICT, have a look at these real-life career stories on [icould](#) and Careerbox, below are just a sample:

There are different areas within ICT and it's worth exploring what area interests you the most. Websites such as CareerPilot and The National Careers Service can help you explore the different pathways.

Using these websites you will be able to find out about all the different roles and what to expect from them. [Success at Schools](#) also gives lots of good information.

If you aren't sure whether an ICT role is right for you or indeed which area might be the one that you would enjoy the most, why don't you try this quiz?

What area of tech is right for you?

Why don't you use some of the websites above to find out more about the role that the quiz identified?

You can also find out more about jobs related specifically to working with Screen Skills or Cyber roles using these websites:

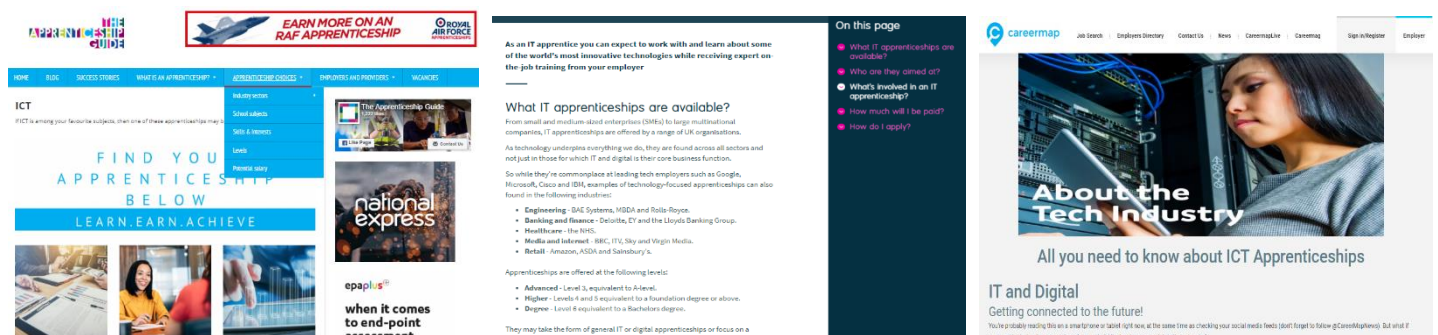

<https://www.cybersecuritychallenge.org.uk/resources/careers/typical-roles>

<https://www.screenskills.com/careers/job-profiles/>

There are different pathways into ICT – you could look at an apprenticeship or you might choose to go to University.

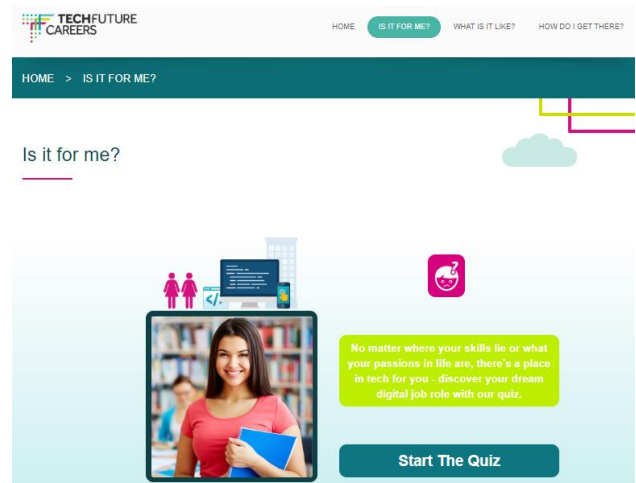

Apprenticeships are where you gain a qualification and earn at the same time – you are employed by an organisation. Click on the images below to find out more about apprenticeships and search for vacancies use the [Find an Apprenticeship](#) website.

Thinking about University? The [UCAS](#) website and [Prospects](#) website can give you lots more information about the different courses and entry requirements.

If you want to find out about specific courses then go to <https://digital.ucas.com/search>

Using the information above note down information about:
